

Storage Services

Deep Down Inc.'s Storage Services located in east Houston, Texas has approximately 20 acres with 265,000 square feet of warehouse space and more than 7 acres of outdoor open concrete. There is also access to the Port of Houston and rail line.

With capabilities to store, maintain, service, refurbish, asset manage, protect, and test, we save time and cost by having the equipment ready and available to deploy and/or install.

We maintain the stringent requirements of the ISO 9001:2015, ensuring the highest level of quality and services provided.
